

ARE YOU Y2K OK?

National Y2K Action Week October 19 - 23, 1998

The Year 2000, or Y2K, date change is a danger to every business. The President's Council on Year 2000 Conversion and the organizations listed here are committed to helping small and medium-sized companies prepare for January 1, 2000.

Find out how to make sure the technologies you and your business partners depend upon are "Y2K OK." For information on training seminars and other educational events being held in your area during National Y2K Action Week, call toll-free:

1-800-U-ASK-SBA.

We also urge local governments and community organizations to act now to meet the Y2K challenge.

For more information, consult:
